## Welcome to the Hawaii Public Health Association

**2015  
Hawaii Public  
Health Conference**  
*"Health is Everyone's Kuleana"*

The Hawaii Public Health Association is please to announce the 2015 Hawaii Public Health Conference "Health is Everyone's Kuleana."

This year's conference will be held at the Hawaii Convention Center on Friday, October 9, 2015, and will focus on some of the most challenging and cutting edge issues in public health today, including discussions with some new, non-typical and thought-provoking panelists on Health and the Built Environment, as well as on Addressing Health Disparities within a Health-in-All-Policies Framework.

In addition, we will hear from our dynamic incoming American Public Health Association (APHA) President-Elect, Dr. Camara Jones, who will provide us with a national perspective on how a Health-in-All-Policies approach will support positive public health change.

We hope you will join us for a fascinating day of cutting edge public health topics
